

GLOBAL REACH

MSI Global Alliance (MSI)

Kaplin Stewart is a member of the MSI Global Alliance (MSI), an international association of independent legal and accounting firms with over 250 members in 100 countries throughout the Americas, Asia-Pacific, Europe, the Middle East and Africa. Kaplin Stewart's membership in MSI gives our clients access to business advice and assistance anywhere in the world.

Conducting business successfully across international borders not only requires detailed knowledge of local laws, tax systems, regulations and customs, but the experience, skills and resources to support business activities on a global scale.

Firms within MSI are specifically chosen for their ability to compete with larger firms by offering high-quality services characterized by partner involvement, big-firm experience, personal service, responsiveness, an entrepreneurial approach and greater value.

MSI brings together member firms with knowledge and experience in a wide range of disciplines. They provide local expertise and global reach to a wide variety of clients in many different industries.

MSI member firms are among the most respected, full-service professional services firms in their local marketplaces, and they share a common desire to provide partner-led, personal solutions to the cross-border challenges faced by entrepreneurial small and medium-sized businesses. **MSI is ranked among the top 20 international account and legal networks and law firm associations.**

MSI was the recipient of two awards: ***'Rising Star Association of the Year'*** and ***'Communications Campaign of the Year'*** at the annual International Accounting Bulletin Forum & Awards judged by an independent panel of accounting experts.
